Mitre™ Presenter XL

The XL cabinet is ideal for larger audiences as it benefits from a wider top platform that accepts LCD screens up to 65"secured to the support bracket when used in conjunction with the manufacturers stand

The 950mm wide XL top platform has in-built contoured handles and is spacious enough to take larger LCD screen bases to ensure stability but retain the design style. The support bracket is height adjustable from 220 – 500mm suitable for larger screens. Cabinet has a lockable smoked glass door that offers a secure space to house your audio visual equipment on 3 adjustable shelves and an accessory base draw. Optional 19" rack mount accessory available with 23 hole pitch positions and fixings.

Mitre range features
Light grey cabinet with graphite grey, ruby red or aqua blue top and base. 5mm curved smoked lockable tempered safety glass doors. Heavy duty steel lockable access plate to rear measure 450 x 160mm (h x w) and is vented to assist with temperature control. Locks for front and rear access are keyed alike. 3 height adjustable shelves plus sliding top shelf and a practical sliding draw at base. Durable 100mm Tente® twin wheeled, precision ball bearing castors, 2 locking. Maximum spread load capacity recommended at 150kgs.

LCD mounting bracket
Robust steel bracket supports VESA hole configurations of 75 x 75mm, 100 x 100mm, 200 x 100mm, 200 x 200mm and 400 x 200mm and 400 x 400mm. 400mm VESA pattern is achieved by securing the additional attachment plates that are provided as standard and may be required with larger sets. Recommended maximum set weight of 45Kgs.
